DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-4 are rejected under 35 U.S.C. 102(b) as being anticipated by Yoshida (JP 08-090873).

Claim 1:

Yoshida discloses:

An image display device (see Fig. 1), comprising:

“a display screen (item 1 of Fig. 1) formed on the front of a cabinet (item 2 of Fig. 1) and occupying the main part of the front”;

“an image forming device that, based on read image signals, forms an image corresponding to the image signals on the display screen”, see English Translation page 6 paragraph [0011], Fig. 1;

“and a printer unit (item 3 of Fig. 1, the Abstract) demountably accommodated in a recess formed in the cabinet.

Claim 2:

"a guide to guide the movement of the printer unit in the recess during the mounting and demounting of the printer unit", see the Abstract last 3 lines of the CONSTITUTION;

"and a connector that allows the exchange of signals between the image forming device and the printer unit, and that is disconnectable and connectable therebetween", see page 5 paragraph [0009] last 2 lines.

Claims 3, 4 are disclosed, see page 5 paragraph [0009], and the Abstract last 3 lines of the CONSTITUTION.

Allowable Subject Matter

3. Claim 5 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
4. Claims 6-12 are allowed.
